**Special request\_** Hello all: the board of health has recently purchased a 4 foot x7 foot shed to be used as a book exchange. It will be located at the transfer station. I am looking for 4-5 people to help maintain the shed. This would involve going to the transfer station once a month on a Saturday or Wednesday to shelve books and keep it somewhat organized. Maybe you have some ideas of who would be interested to work with me on this? I think it is a great way to encourage people to recycle their books and keep them out of the landfill. I will need help painting the shed once it is installed, and someone who can secure shelving that I will purchase inside the shed. Susan
