Note from the Director
Guess what? Spring officially begins March 20, and our next newsletter will announce events and programs that are happening in the new Senior Center! Let us rejoice! As I write this during an ice storm, I feel grateful that we have so much to look forward to and celebrate this spring. I have a few specific things to mention.

MassHealth Senior Buy-In Program update:
Benefits of this program include the payment of the Medicare Part B premium (a savings of $144.60 a month!) and enrollment in a state pharmaceutical assistance program called “Extra Help,” which provides discounts on prescription drug plan premiums and gives enrollees access to lower co-pays for their prescriptions if they have met a certain high spending threshold. “Extra Help,” while it lowers the cost of drugs, is not an insurance policy. Income and asset limits for this program have gone up. If you would like to be screened for eligibility, call me with your current gross monthly income and assets, and I can let you know if you appear to be eligible.

Countable assets include all bank accounts, any home or property that is not your primary residence, secondary vehicles, trailers and RVs, and financial products like stocks, IRAs, and whole life insurance policies. If it seems likely that you’re eligible, you can schedule an appointment to complete a MassHealth application.

Weather related closures and cancellations: When there is weather that I deem risky for walking and driving, I will cancel programs, even if staff reports to work. Notifications are posted on WWLP channel 22, ABC 40, Fox 6, CBS 3, WGGB 40, WRSH 99.3 FM, and WHAI 98.3 FM. Update are also added to the home page of our website, www.hadleyma.org/council-aging. These notices occur between 8:00 and 8:30 AM. If you’re uncertain, calling the Senior Center is always a great idea; if no one answers, listen to the greeting which will announce cancellations. Please check one of these places on snowy or icy days! The town, as well, has a text and phone notification system called Nixle that I strongly encourage you to sign up for. We can sign you up at the Center on April 16, or you can register your cell phone by texting the word “Hadley” to 888-777.

Robocalls: Our database has the ability to broadcast a phone message to everyone in it. At times this is the most efficient and effective way to get the word out about something that I think is important. It’s not something I will use often. The phone number the calls come from is: 413-586-4023. I have the call text dictated twice because I have learned that people’s phone messages interrupt the first message, so repeating it is the best way to be sure the whole message is shared. If you receive one, please listen to the whole thing and only call the Senior Center if you have a question about the message shared, not to verify that it came from us—I will always be sure to identify the HSC as the source of the call.

As always, this newsletter is brimming with wonderful scheduled events, classes, programs, and other opportunities to socialize and join this vibrant community. I look forward to seeing you!

Hayley Wood

“Guardians” Documentary Showing
March 30, Monday @1:30

THE GUARDIANS is a revealing investigative documentary set in Las Vegas, Nevada that exposes allegations of corruption within the Nevada Guardianship and Family Court systems involving the legal kidnapping of elderly people. The film shines a light on a lucrative business that drains seniors’ life-savings and robs them of their freedoms. Victims and their families are caught in a scheme that has allowed corrupt court-appointed guardians to take total control over their healthcare and financial decisions. The film exposes the scope of the systemic abuse of some of the most vulnerable members of our society.

- Assessing your risk for falling
- Designing an individualized plan for your fall-prevention needs
- Helping you make your home as safe as possible
- Educating you about the medical risk factors associated with falls
- Providing you with appropriate exercises and balance training
- Working with other health care professionals to address any underlying medical conditions that could increase your fall risk
- Providing you with recommendations on appropriate community programs
Join us for this free fall screening by a licensed physical therapist from Aegis Physical Therapy at Hadley Senior Center on Wednesday, April 1st 12-2 PM. Call to schedule your assessment 413-586-4023.

Did you know…
That the Friends fund the Council on Aging budget for things not included in the town budget? Last year, the town budget was over $20 million dollars, and the Council on Aging Budget was $117,000. This only covers salaries and expenses. So all of the monies we raise by memberships, fund raisers, raffles, and now the opportunity to put your name permanently in our new building go to this cause. Please consider a membership (no meetings required), buying a leaf of love for yourself or a family member, or name a part of the new building. Brass plaques will honor your donation at the appropriate location.

Greeting cards bargain corner
Need a greeting card? Buy one from us for only $.25 and support the programs at the COA. Do you get free greeting cards or calendars from charities? Please recycle unwanted ones with the Friends of the Hadley COA, to be sold at the center as a fundraiser.

US CENSUS UPDATE
ATTN: SNOWBIRDS

Are you a “snowbird” who seasonally lives at another address? Did you know that your information should be counted at the address where you live and sleep most of the time? If you live in Massachusetts for most of the year, you should respond to the 2020 Census addressed to your Massachusetts household. It’s important to know, U.S. Census data is for statistical purposes only and your responses on the Census will not affect your property tax or insurance premiums. You will be able to fill out the U.S. Census online or over the phone at your convenience in 13 different languages. Eventually, your housing unit will receive the traditional paper form if you do not self-respond using the online or phone method.
